

KOPANONG LOCAL MUNICIPALITY

ANNUAL FINANCIAL STATEMENTS

FOR THE YEAR ENDED 30 JUNE 2010

I am responsible for the preparation of these financial statements, which are set out on page 2 to 41, in terms of Section 126(1) of the Municipal Finance Management Act No. 56 of 2003 and which I have signed on behalf of the Municipality.

I certify that the salaries, allowances and benefits of Councillors as disclosed in note 20 of these annual financial statements are within the upper limits of the framework envisaged in Section 219 of the Constitution of Republic of South Africa, read with the Remuneration of Public Officer Bearers Act and the Minister of Provincial and Local Government's determination in accordance with this Act.

Municipal Manager	Date
Me. L Moletsane

Refer to Appendix B and C for detailed information on Property, Plant and Equipment .

Subsequent measurement of assets

The Municipality has applied the measurement of transitional provisions for Property, Plant and Equipment in Directive 4 of the Accounting Standards Board.

As a result no depreciation and impairment losses(including accumulated depreciation and impairments) were recognised on the financial statements.

The municipality has adopted processes and procedures which will assist in the measurement of these amounts.

No progress has been made by the municipality in this regard.

Initial measurement of assets
The municipality have applied the transitional provisions of directive 4 and consequently recognised the following assets at zero.
-Rehabilitation of landfill sites
-Servitudes
-Loose tools (included in the loose too register)

Number of assets	Estimated Value
3 471	1 138 711

- Assets with the value of zero and R1

Number of assets 485

Management is in a process of appointing specialist to separate/recognise their infrastructure assets and other assets in term of GRAP 17, there has been no progress made to date.

40 FINANCIAL RISK MANAGEMENT

40.1 Equity risk management

The Municipality manages its capital to ensure that it will be able to continue as a going concern through the optimisation of the debt and equity balance. The Municipality's overall strategy remains unchanged from 2006.

The equity structure of the Municipality consists of debt, which includes the borrowings disclosed in note 14, cash and cash equivalents

and accumulated funds.

There are no externally imposed capital requirements.

There have been no changes to what the municipality manages as capital, the strategy for capital maintenance or externally imposed capital requirement from the previous year.

40.2 Gearing ratio

The Municipality manages its risk by ensuring that risky borrowings are maintained at a minimum. The gearing ratio

Debt	2 849 554	3 148 125
Cash and cash equivalents	2 465 375	2 350 974
Equity	289 889 614	300 840 595
Debt is defined as long- and short-term borrowings, as detailed in note 14.	295 204 543	306 339 693
Equity includes all accumulated surplus/deficit of the Municipality.		
Debt to net asset ratio %	0.98%	1.05%
Debt to net asset ratio	0.98:1	1.05:1

Debt is defined as long-term liabilities and short-term liabilities as disclosed in note 14. Net asset includes all funds and reserves of the municipality disclosed as net asset in the statement of net asset.

40.3 Significant accounting policies

Details of the significant accounting policies and methods adopted, including the criteria for recognition, the basis of measurement and the basis on which income and expenses are recognised, in respect of each class of financial asset, financial liability and equity instrument are disclosed in the note on accounting policy to the financial statements.

FOR THE YEAR ENDED 30 JUNE 2010

40	FINANCIAL RISK MANAGEMENT (CONTINUED)	2010 R	2009 R
	,		
40.4	Categories of financial instruments		
	Financial assets		
	Fair value through profit or loss (FVTPL)	2 373 140	2 264 641
	Loans and receivables (including cash and cash equivalents)	97 307	111 607

	Current portion of loans and borrowings	258 657	298 570
		34 869 277	35 175 039

At the reporting date there are no significant concentrations of credit risk for loans and receivables designated at FVTPL. The carrying The fair value of cumulative shares was estimated by obtaining investee's quotes for the shares at the reporting date

40.5 Financial risk management objectives

The Municipality through its finance committee assesses and monitors the financial risks relating to its operations by analysing the degree and magnitude of exposure to risks. These risks include market risk (including fair value interest rate risk and price risk), requiring risk and cash flow interest rate risk. The Municipality seeks to minimise the effects of these risks by making short term investments which are used to withdrawn when there are indicators of fragility in the market factors and as when cash is required to fund the Municipality's operations. The Municipality does not enter into or trade financial instruments, including derivative financial instruments, for speculative purposes. The finance committee monitors risks and policies implemented to mitigate risk exposures.

The municipality reports to Treasury on monthly and quarterly basis and council that monitors risk and policies implemented to mitigate risk exposure

40.6 Market risk

market risk.

The Municipality's activities expose it primarily to the financial risks of changes in interest rates. The Municipality enters into a variety of derivative financial instruments to manage its exposure to interest rate. There is no exposure to foreign currency risk as all the investments are made with South Africa's local financial institution. Market risk exposures are measured using value-at-risk (VaR) and are supplemented by sensitivity analysis. There has been no change to the Municipality's exposure to market risk or the manner in which it

40.7 Interest rate risk management

The Municipality is exposed to interest rate risk as it make investment in interest yielding investments with fixed interest rates. The risk is managed by the Municipality maintaining a balanced portfolio of investments with different financial institutions. Hedging activities are not implemented as most of the investments are short term and with limited exposure to interest rate risk.

No foreign currency risk exposure

40.8 Other price risks

The Municipality is exposed to equity price risks arising from equity investments. Equity investments are held for strategic rather than trading purposes. The Municipality does not actively trade these investments.

There has been no change, since the previous financial year, to the municipality's exposure to market risk or the manner in which it

40.9 Credit risk management

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in financial loss to the Entity. The Municipality has adopted a policy of only dealing with readthworthy counterparties where appropriate, as a means of mitigating the risk of inancial loss from defaults. The Municipality only invests with entities that are rated the equivalent of investment grade and above. This information is supplied by requesting for quotations prior to entering an investment deals well as using other publicly available financial

Potential concentrations of credit rate risk mainly consist of investments, loans and receivables, trade receivables, other receivables, short-term investments deposits and cash and cash equivalent.

The municipality limits its counterparty exposures from its money market investments operations by dealing with well-established financial institutions of high credit standing. The credit exposure to any single counterparty is managed by setting transaction/exposure limits, which

Non current Receivables and Other receivables are collectively evaluated annually at reporting date for impairment of discounting. A report on the various categories of customers s drafted to substantiate such evaluation and subsequent impairment/ Discount where applicable.

Municipality is in a process to assess the debt management policy, the collection rate is less than 10% and these will be addressed in the next financial period. Municipality have appointed consultants to address this matter.

The maximum credit and interest exposure in respect of the relevant financial instruments is as follows Loans and Receivable

Trade Pecchiarble

Trade Receivable
Other receivable
Cash and cash equivalent

5 072	25 274
4 441 019	29 535 762

40 FINANCIAL RISK MANAGEMENT (CONTINUED)

40.10 Liquidity risk management

Ultimate responsibility for liquidity risk management rests with the Council and the finance committee which has built an appropriate

Liquidity risk is managed by ensuring that all assets are reinvested at maturity at competitive interest rates in relation to cash flow requirements. Liabilities are managed by ensuring that all contractual payments are met on a timeous basis and, if required, additional new

41 Going Concern

Municipality dependents of Government grants for its operations and as per Division of Revenue Act(DORA), municipality is allocated equitable shares and other conditional grants for the next three financial years.

Kopanon gis Sutuated in a previously disadvantaged background, the community is not able to pay for the services as a high percentage of the population is in The collection rate is very low hence government grants are the only source of income to the municipality. Kopanong also has An overdraft

facility approved by council.

which it manages through ceded or plead investments accounts with First National Bank.

The municipality will therefore be able to operate as a going concern on the basis of grants allocations.

42 Transitional Provisions

GRAP 12 Inventory

Water and Electricity

Municipality has taken advantage of directive 4 and consequently have measured water and electricity at zero rands.

Municipality does not have capacity to measure water and electricity inventory in terms of GRAP 12, however management is still in a process of appointing specialised personnel to perform the procedure.

The nature of amount cannot be measures reliably as there are no capacity to can make the estimates

Management have not yet made progress in terms of appointing the specialist, however this is still in discussion.
